SCHEDULE OF
MISCELLANEOUS FEES AND CHARGES**

The following fee schedules shall be applicable to all Amador Water Agency Water and Wastewater Districts.

UN-1 WATER CONNECTION FEE

The following fees shall be applicable to all applicants requesting a new water service connection and must be paid prior to any work being done by the Agency:

(a) Install Meter on Existing Service Connection

<u>Meter Size</u>	<u>Fee</u>
5/8 Inch	\$ 375.00
3/4 Inch	430.00
1 Inch	500.00
1-1/2 Inch	875.00
2 Inch	1095.00
Larger	Actual cost of installation as determined by the Agency

(b) Install Meter and Service Connection

Applicants whose request for a water service connection requires a mainline tap, installation of a meter box, meter and related appurtenances, will pay the actual costs of such installation based on an actual time and materials basis. The Applicant shall pay prior to any work being done by the Agency, an encroachment permit fee and deposit equal to the estimated amount. Any amounts remaining after the work has been completed will be refunded to the Applicant. Any amount exceeding the amount of the deposit shall be paid by Applicant prior to water service being initiated.

(c) Special Conditions

1. The service connection, meter boxes and meters shall remain the property of the Agency.
2. A meter must be installed at the same time the service connection is installed except in the case of accepted subdivisions.
3. In the event that the Applicant does not request the service connection and meter to be installed within two years after applying for and paying the appropriate charges, then the connection fee, less 10% for administrative costs, will be returned without interest and the application canceled.

Effective Date: 8/10/2006

Resolution No. 2006-42

AW-12 - CITY OF PLYMOUTH - METERED TREATED RESALE SERVICE

Applicable to all treated water furnished on a metered basis to the City of Plymouth (City) at its existing service location (“City”).

<u>Meter Size</u>	<u>Monthly Service Charge Per Meter</u>		
	<u>7/1/08</u>	<u>7/1/09</u>	<u>7/1/10</u>
6 Inch	\$ 6,363.00	6,870.00	7,127.00
<u>Commodity Rate</u>			
Per 100 cubic feet	\$ 1.05	1.13	1.18

Special Conditions

1. Service under this schedule will be provided in accordance with the terms and conditions of the contract between the Agency and the City dated July 13, 2006. The service charge is based on a 6-inch meter per the Agreement, however an 8-inch meter was installed to allow maximum contractual flow.

Participation Fees

Participation fees shall be calculated and paid in accordance with the following procedure:

The City shall pay the Water Agency participation fees for each meter installed on or after December 22, 1988, for premises not previously served water within the service areas supplied water by the City, and each larger meter installed on or after December 22, 1988, for premises previously served water within the service areas supplied water by the City. The participation charges for each such meter shall be in accordance with the table in Schedule AW-11 for treated water service. Payment shall be made to the Water Agency within thirty (30) days of the date that a certificate of occupancy is issued for the premises for which the meter was installed, or within thirty (30) days of the date that the meter is installed if a certificate of occupancy is not issued for the subject premises. The participation charges to be paid shall be those in effect on the date of issuance of the certificate of occupancy or on the date that the meter is installed, if a certificate of occupancy is not issued for the subject premises. Interest shall accrue on any late payment at the legal rate then prevailing.

**CENTRAL AMADOR WATER PROJECT (CAWP)
(Route 71)**

CA-11 - ANNEXATION FEES

Applicable to all parcels requesting water service from any entity which received its water supply under contract from the Amador Water Agency's Central Amador Water Project ("CAWP"). Fees shall be payable in accordance with Section 2.06 (f) of the Agency's Water Service Rules and Regulations. For the purposes of this schedule, a unit of use shall be defined as the equivalent of one 5/8" metered connection. To account for escalating construction costs, the CAWP participation fees shall be adjusted annually on July 1 of each year, beginning July 1, 2002. The inflation factor used for this adjustment shall be that listed in the Engineering News-Record Construction Cost Index, 20-Cities Average, as this index historically represents a reasonable relationship to the cost increases experienced by the Water Agency due to inflation.

Basic Participation Fee @ 7/1/10. . . \$ 4,525 per unit of use (5/8" connection)
 Proportionate Fee @ 7/1/10 = 1,085 \$35 per year per unit of use times
number of years since 7/1/79⁽¹⁾
 Total at 7/1/10 = \$ 5,610

For meter sizes greater than 5/8", the CAWP annexation fees shall be:

<u>Meter Size</u>	<u>CAWP Participation /Proportionate Fee</u>	<u>GPM</u>
3/4 Inch	\$ 6,785 + \$1,085=\$ 7,870	30 gpm
1 Inch	\$ 11,305 + \$1,085=\$ 12,390	50 gpm
1-1/2 Inch	\$ 22,620 + \$1,085=\$ 23,705	100 gpm
2 Inch	\$ 36,185 + \$1,085=\$ 37,270	160 gpm
3 Inch	\$ 63,585 + \$1,085=\$ 64,670	300 gpm
4 Inch	\$113,080 + \$1,085=\$114,165	500 gpm
6 Inch	\$226,155 + \$1,085=\$227,240	1,000 gpm

Resolution No. 2009-24

WW-11 – ANNEXATION FEES

The Annexation fee is a one-time fee and is intended to address the annexing property owner’s proportionate share of certain fixed costs to maintain, in a ready-to-use state, the wastewater system to which the owner desires to connect for the number of equivalent dwelling units for which the owner desires wastewater service. An equivalent dwelling unit (“EDU”) equals 200 gallons per day (“gpd”). The annexation fee per EDU shall be calculated by multiplying \$60 times the number of months starting with May 2005 up to and including the month in which the annexation becomes effective. An additional \$15 per EDU per month charge is to be added to annexing properties that will utilize the Pine Grove Wastewater System to address the property owner’s proportionate share of the costs to repay construction loans used to finance the construction of said system.

(Parcels which do not pay a standby charge are subject to this fee.)

Effective Date: 12/1/2005

Resolution No. 2005-52

WW-12 – SUPPLEMENTAL CONNECTION FEES

The Supplemental Connection fee is a one-time fee and is intended to address the connecting property owner’s proportionate share of certain fixed costs to maintain, in a ready-to-use state, the wastewater system to which the owner desires to connect for the number of EDUs for which the owner desires wastewater service. The supplemental connection fee per EDU shall be calculated by multiplying \$60 times the number of months starting with May 2005 to and including the month in which the connection occurs, less the amount of any annexation fee paid on such EDU associated with the property to be connected and less the amount of any WWID No. 1 standby fees paid on such EDU associated with the property to be connected since May, 2005. An additional \$15 per EDU per month charge is to be added to property connecting to the Pine Grove Wastewater System to address the property owner’s proportionate share of the costs to repay construction loans used to finance the construction of said system.
